## Coming into force

By-Law #23-03 has come into force and changes the price of building, renovation and authorization permits from \$15 to \$25.

## Pool Safety

The provincial Government would like to remind pool owners of the regulations put in place to protect children:

- Access to your pool must be controlled at all times (a gate that latches automatically).
  - Owners that had their pool before Nov. 2010 and who benefited from an exemption, have until Sept. 30<sup>th</sup> 2025 to make their installation conform.
  - The by-law applies to all pools that contain 60 cm of water or more whether in-ground, above ground or removable. Restrictions regarding diving boards also apply.
- The Municipality is responsible for applying the by-law and as such, a permit is required for the installation of a pool. Visit [www.quebec.ca/piscinesresidentielles](http://www.quebec.ca/piscinesresidentielles) for more information

## Go-Karts for Fall Fest

Don't forget to work on your Go-Karts this summer so you will be ready to go for October 6-7-8<sup>th</sup>. Remember the basics – must have at least three wheels, brakes and a steering mechanism. The design is up to you!

## Fire rating

The forest fire situation in Québec is critical. Open air fires are not permitted, included in this category are fireworks and welding equipment. Also keep in mind that cigarette butts, fire works and ATV's pose a real risk for starting forest fires that have the potential to become out of control. There are many forest fires still burning over a large part of Québec, we are asking you to be vigilant as not to aggravate the situation further.

The Municipality would like to send out a big Thank You to all of the local and international firefighters who are putting themselves in danger to help us with the fires.

## Cascapedia Society
